

*W+B walk & talk*

## **A Day Among the Irises in the Merian Gardens**

**Tuesday afternoon, 21 May**

*for members & friends of WohnenPlusBasel*

Inspired by a tip from Ingrid and Charlotte who visited the gardens recently, we would like to invite you to another joint excursion in May.

We start our walk at the St. Jakob tram stop, heading for the Merian Gardens to visit the extraordinary bearded [iris collection](#), which are now in full bloom. The Merian Gardens' iris collection is the largest publicly accessible collection of historic bearded irises in Europe. It is recognised by iris experts worldwide and is unique due to its size, composition and history.

After the tour, there'll be time for a drink and a chat in the Restaurant Iris or in the newly renovated Villa Merian.

### **Meeting point 2.00 pm, St. Jakob bus stop**

If you're coming from Westfeld, bus no. 36 from Thomaskirche (bus stop D) goes directly to our excursion start and end point - the St. Jakob bus stop.

Registration is not necessary.

**The visit will only take place in dry weather. If we are unable to go, we will send you an information via e-mail the evening before.**

Further information: Dorothea 077 444 06 94 or by e-mail: [dorothea.eich@posteo.de](mailto:dorothea.eich@posteo.de)

With breath bated for good weather and best regards Doris and Dorothea
